

## GLOCK MODEL 39 .45 GAP, \$614

☒ Gun Tests RecommendS: conditional buy ☒

The 39 makes for a powerful, accurate backup gun, but ammo choices limit it somewhat.

The slightly oversized slide release on the 39 (black arrow) allowed us to pull back on the slide or hit the release to charge the pistol. The larger mag release found on the 30 (white arrow) would have been more helpful in dropping the magazine.

Our model 39 shipped sporting Glock brand night sights. Any accuracy issues we had with the gun was due to its smaller size, not its sight picture.
