

## CZ USA 2075 RAMI 9MM, \$576

☒ Gun Tests RecommendS: conditional buy ☒

The 2075 had the highest capacity, scored well from the bench and in our action test. But without a decocker, we think this weapon is better suited to the seasoned professional.

WEBSITE OR EMAIL.....	WWW.CZUSA.COM

The Rami can be carried with hammer back safety on for first shot single action. But we had difficulty working the safety. Adding a thumb paddle would improve operation.

The front of the Rami's slide was radiused for smoother holstering (arrow). All four of our test guns utilized a dual spring plunger style recoil system. Unique to the CZ design, note the rails on the outside of the slide.
