

## RUGER SR9 9MM, \$525

Gun Tests grade: B

Ruger's new trigger offered only a small improvement from its original form and function. We think it's a shame, because the SR9 has some otherwise excellent qualities.

### SPECIFICATIONS

WEBSITE OR EMAIL.....	WWW.RUGER-FIREARMS.COM

The SR9 trigger is now a twin-blade configuration, departing from its problematic single-blade version. The SR9 breaks down with relative ease after a break-in period.

Left: Tester Chris Olsen takes careful aim as we chronograph data for the Ruger.
