

SIG SAUER P250 NO. 2509005 BLACK NITRON 9MM, \$699

Gun Tests grade: B-

Failure to lock back on the last fired shot in a magazine lowered the P250's score; otherwise, our test team generally praised the modular-construction Nitron unit.

SPECIFICATIONS

WARRANTY .....	LIFETIME
TELEPHONE .....	(603) 772-2302
WEBSITE .....	WWW.SIGSAUER.COM

The P250 features an exposed hammer in its double-action design. The Sig Sauer is designed to be modular in its construction. The trigger group rides on a set of rails that mate with the grip body.

The P250 comes in a useful plastic case. It's a shame that Sig Sauer only packs one magazine in it.
