

## SMITH & WESSON M&P COMPACT 9MM NO. 209304, \$656

Gun Tests grade: C-

Once again the M&P Compact had troubles, this time it was accuracy. A trip to the factory for repair of the sights failed to fully fix the problem.

### SPECIFICATIONS

|   |                        |

The M&P field-strips with ease. The backstrap tool appears at the bottom. Unlike other M&Ps, this gun's tool detached easily.

Here's a close-up view of the sear-release lever after it is lowered using the backstrap tool.

A padded hard-plastic case contains the gun, backstraps and two magazines.
