

**STI SENTINEL PREMIER 45 ACP, \$2243**  
**GUN TESTS GRADE: A**

Our testers found the Sentinel Premier to be pricey, but also smooth and refined. It supplied very good accuracy, a smooth trigger, and the best sight picture of the guns in our tests. IPSC and USPCA approved, we felt the Premier Sentinel was the best all-round pick for competition and carry work.

**SPECIFICATIONS**

**Above:** The STI has a ramped, fully supported barrel held in a place by a match-grade bushing (inset, arrow). The muzzle was crowned to fit flush.

**Above:** The top of the Sentinel Premier's slide had been slightly flattened and grooved to reduce the glare from its hard chrome finish.

**Right:** The Dawson/STI adjustable ramped sights gave us an excellent sight picture. There's also cocking serrations and a grooved hammer.
