Trigger Span Single.....	2.8 in.
Made in.....	Czech Republic/USA
Warranty.....	5 Years
Telephone.....	(480) 969-1311
Website.....	www.CZCustom.com

Oddly, the CTS LSP utilized standard plastic grips and an unbeveled magazine well.

The fully adjustable Kensight, BoMar-style rear sight was a high quality component. Blending in the rear sight required removal of enough material to make the slide significantly lighter.

The stainless-steel guide rod fed into a polymer sleeve (arrow) inside the yoke of the slide. The sleeve needed to be removed before the barrel could be pulled from bottom of the slide.
