

CZ SP-01 PHANTOM NO. 91158 9MM, \$695

Gun Tests grade: B

The CZ was the most accurate of our pistols, and the new grip was excellent. A faulty detent on the decock lever should be an easy warranty fix.

Relief in the polymer frame offered a lot of space for the trigger finger to work. We think the new grip profile was a big improvement. The faux checkering front and rear and the stippling on the side panels was very effective.
