

TEST GUNS INVENTORY

B.A. Brooks Sports, a Houston-based Federal Firearms License Dealer which supplies firearms for *GUN TESTS* evaluations, may sometimes have test guns that readers may want to purchase.

When such test-gun inventory has existed in the past, as a courtesy we have notified subscribers by email. However, spam filters and content filtering by some ISPs have made distributing the list next to impossible.

**Instead, we will post the inventory list on two websites:
GunReports.com and Gun-Tests.com.**

GunReports.com is a sister site to *GUN TESTS*. It requires a free registration to log on. **Gun-Tests.com** requires a subscriber log in. On either site, search for “**babrooks**” and the gun inventory page will pop up.

Terms for sales and contact information are included in the document. The FFL dealer (Houston-based B.A. Brooks Sports) is solely responsible for any firearms transactions. *GUN TESTS* magazine does not sell guns.

All interstate sales require FFL-to-FFL transfers and NICS checks.
