

**BROWNING BPS SPECIAL STEEL FIELD MODEL
PUMP 20 GAUGE, \$370**

Gun Tests grade: B+

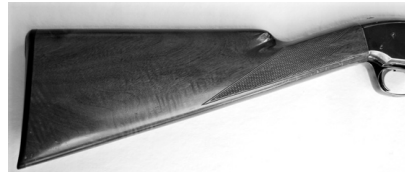

Overall, we felt that the Browning met or exceeded our specific specifications and would be a good choice for introducing a youngster or petite beginning shooter to shotgunning.

CHOKE	INVECTOR (IC)		

We liked the English-style stock, and the LOP of 14 inches provided a good fit for our smaller testers.

The finger grooves in the Browning forearm allowed for a little better grip for both our shooting team members with small hands and the big boys in the group.

Easy to use and quick to switch on and off with either hand, this feature is a big plus for someone looking for a small-gauge shotgun for a left-handed shooter.

Both shotguns were easily disassembled and reassembled for easy cleaning of the barrels. That's
