

**HECKLER & KOCH 45C 45 ACP, \$1099**

**GUN TESTS GRADE: B+**

An upgrade from the USP Compact, we'd prefer to carry the 45C cocked and locked. The slim grip made it easy to handle and the best choice for small hands.

**SPECIFICATIONS**

The slide release was ambidextrous and turned on the slide-stop pin. The right-side lever stayed in place with the pin removed. Note the connecting lug atop the guide rod assembly.

A rubber O-ring on the barrel served to enhance lockup. We've heard they are very durable, but several extra rings were supplied.
