

GUN TESTS REPORT CARD

Remington Model 514 22 LR, \$200

GUN TESTS GRADE: A

If you are looking for a simple, functional shooting tool to get a beginner started with a rifle, this model fits the bill. Simple to use and surprisingly accurate, we liked getting back to the basics with this shooter.

Marlin Model 25N 22 LR, \$200

GUN TESTS GRADE: B-

While there are pluses to this 22-caliber rifle, such as its left, adjustable rear sight, grooved receiver for a scope mount and seven-round magazine, its performance on the range was not impressive. For the same price, we would go with the single shot.
