

CZ-USA CZ P07 DUTY NO. 91186 9MM,\$575

GUN TESTS GRADE: B-

The P07 is a respectable pistol that will prove popular with CZ fans. It proved reliable and accurate, although its takedown sequence left something to be desired. The P07 is a clean design with little hint of its 1970's heritage as far as appearance goes.

Above: The CZ may be converted to a manual safety option if need be. There is merit in the concept.

Above: Our shooters thought the P07 gained a great advantage with its sights. These are true high-visibility combat sights well suited for fast work or for precision fire.
