

BROWNING GRADE 1 SUPERPOSED LIGHTNING .410 OVER/UNDER, \$4500

Gun Tests grade: B+

Back in the day, short barrels were standard for a field gun. Today, the trend is for longer barrels, which we found did give the Padrone an edge in the field.

About one-third wider than the Padrone, the receiver of the Browning is attractive and the action was still tight more than 40 years after its manufacture.
